We require a 2 week deposit (amount varies based on your chosen schedule) which is used towards the last two weeks of your child's tuition in case of an early termination of the contract with a proper notice of one month excluding month December. There will be no refunds so please plan your cancellation in advance.

Payments are made in advance bi-weekly on the first day of your child's visit to daycare. Please note: Tuition is still due regardless if your child is sick or on vacation, same applies to unprecedented natural events, severe weather conditions or any similar natural causes as well as government or city orders that might mandate us to close our day care. Payments have to be submitted BEFORE you leave on a vacation. Tuition will still be due on all federal holidays as well as for 2 weeks of vacation throughout the year which we will try to arrange with families though we reserve our right to take vacations based on our needs.
